To print out and fill in for children and families

Name: \_\_\_\_\_

Daily and weekly newspaper No. \_\_\_\_\_

My birds are called: \_\_\_\_\_

Date: \_\_\_\_\_

Started on: \_\_\_\_\_

Time: \_\_\_\_\_

☐ I observe my birds very closely. I want to find out what they like, when they are active and how they feel.

| OBSERVED                                                     | NOTES / DRAWING | ATMOSPHERE / NOISE |
|--------------------------------------------------------------|-----------------|--------------------|
| What are the birds doing right now?                          |                 |                    |
| What did they eat or play?                                   |                 |                    |
| How did they sound?<br>(e.g. cheerful, quiet, loud)          |                 |                    |
| What was their environment like?<br>(Light, noise, movement) |                 |                    |

## My impressions

Today, I particularly liked:

That was funny / exciting / surprising:

I want to observe that more closely tomorrow:

## Small challenge (optional)

Can you tell when your birds are content?

- ☐ They fluff themselves up
- ☐ They chirp quietly
- ☐ They come closer
- ☐ They preen themselves
- ☐ They sleep peacefully

If you observe this, you can be proud of yourself – you understand your animals really well!

## Your most beautiful bird moment

Draw what you saw today here:
